**UNIVERSAL TECHNICAL INSTITUTE – UTI-Rancho Cucamonga**  
 9494 Haven Avenue, Rancho Cucamonga, CA, 91730

Data Period: 01/01/2014 – 12/31/2015

**Program: Automotive & Diesel Technology II - (Associate of Occupational Studies - AOS) (Weeks: 75)**

**Program Start Date: Planned for March 2017**

The California Private Postsecondary Education Act (CPPEA) of 2009, which was effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to, completion rates, placement rates, licensure exam passage rates, and salary/wage information. The estimated date when two full years of data will become available is December 1, 2019.

Where “\*” is indicated: This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data. Performance data is expected to become available by December 1, 2017.

Where “\*\*\*” is indicated: Because of the change in the Bureau’s reporting regulations, which became effective on July 14, 2016, this institution was unable to collect the data for its 2015 and prior graduates.

**Definitions**

"Number of Students Who Began Program" means the number of students who began the program who are scheduled to complete the program within 100% of the published program length within the reported calendar year, and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

## Definitions (continued)

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).

“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

“Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at: PO Box 980818, Sacramento, CA 95798-0818, [www.bppe.ca.gov](http://www.bppe.ca.gov), Phone (916)431-6959, Toll free (888)370-7589, Fax (916)263-1897.

**Program: Automotive Technology II - (Associate of Occupational Studies - AOS) (Weeks: 51)**  
**Program Start Date: Planned for March 2017**

The California Private Postsecondary Education Act (CPPEA) of 2009, which was effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to, completion rates, placement rates, licensure exam passage rates, and salary/wage information. The estimated date when two full years of data will become available is December 1, 2019.

*Where “\*” is indicated:* This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data. Performance data is expected to become available by December 1, 2017.

*Where “\*\*” is indicated:* Because of the change in the Bureau’s reporting regulations, which became effective on July 14, 2016, this institution was unable to collect the data for its 2015 and prior graduates.

### Definitions

"Number of Students Who Began Program" means the number of students who began the program who are scheduled to complete the program within 100% of the published program length within the reported calendar year, and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

## Definitions (continued)

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).

“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

“Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at: PO Box 980818, Sacramento, CA 95798-0818, [www.bppe.ca.gov](http://www.bppe.ca.gov), Phone (916)431-6959, Toll free (888)370-7589, Fax (916)263-1897.

The California Private Postsecondary Education Act (CPPEA) of 2009, which was effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to, completion rates, placement rates, licensure exam passage rates, and salary/wage information. The estimated date when two full years of data will become available is December 1, 2019.

*Where “\*” is indicated:* This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data. Performance data is expected to become available by December 1, 2017.

*Where “\*\*\*” is indicated:* Because of the change in the Bureau’s reporting regulations, which became effective on July 14, 2016, this institution was unable to collect the data for its 2015 and prior graduates.

### Definitions

"Number of Students Who Began Program" means the number of students who began the program who are scheduled to complete the program within 100% of the published program length within the reported calendar year, and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

## Definitions (continued)

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).

“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

“Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at: PO Box 980818, Sacramento, CA 95798-0818, [www.bppe.ca.gov](http://www.bppe.ca.gov), Phone (916)431-6959, Toll free (888)370-7589, Fax (916)263-1897.

The California Private Postsecondary Education Act (CPPEA) of 2009, which was effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to, completion rates, placement rates, licensure exam passage rates, and salary/wage information. The estimated date when two full years of data will become available is December 1, 2019.

*Where “\*” is indicated:* This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data. Performance data is expected to become available by December 1, 2017.

*Where “\*\*\*” is indicated:* Because of the change in the Bureau’s reporting regulations, which became effective on July 14, 2016, this institution was unable to collect the data for its 2015 and prior graduates.

### Definitions

"Number of Students Who Began Program" means the number of students who began the program who are scheduled to complete the program within 100% of the published program length within the reported calendar year, and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

## Definitions (continued)

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).

“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

“Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at: PO Box 980818, Sacramento, CA 95798-0818, [www.bppe.ca.gov](http://www.bppe.ca.gov), Phone (916)431-6959, Toll free (888)370-7589, Fax (916)263-1897.

The estimated date when two full years of data will become available is December 1, 2019.

*Where “\*\*” is indicated:* This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data. Performance data is expected to become available by December 1, 2017.

*Where “\*\*\*” is indicated:* Because of the change in the Bureau’s reporting regulations, which became effective on July 14, 2016, this institution was unable to collect the data for its 2015 and prior graduates.

### Definitions

"Number of Students Who Began Program" means the number of students who began the program who are scheduled to complete the program within 100% of the published program length within the reported calendar year, and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

## Definitions (continued)

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).

“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

“Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at: PO Box 980818, Sacramento, CA 95798-0818, [www.bppe.ca.gov](http://www.bppe.ca.gov), Phone (916)431-6959, Toll free (888)370-7589, Fax (916)263-1897.
