¹UTI and MIAT are educational institutions and cannot guarantee employment or salary. ²Participants can complete the program while still on active duty, as long as their commanders approve they can travel to the base where training is offered. Program candidates must be within six months of their separation dates from the military, and in the screening and interview process must identify BMW dealership locations where they would be willing to work following graduation. See program details for eligibility requirements and conditions that may apply. For program outcome information and other disclosures, visit www.uti.edu/disclosures for UTI and www.miat.edu/disclosures for MIAT.
