

Name:

Ethan Gamez

Title and Employer:

Body Technician
Jim Bass Collision & Supplies

UTI Campus:

UTI-Houston

“My education from UTI gave me a path to a good career.”

My Success Story

How it All Started

When I was a junior in high school, I started working on cars and bodywork. I was working in a fast food restaurant during high school and I wanted to do something to better my life, so I decided to go to UTI. I chose UTI because, in my opinion, they had a better Collision program than others. I wanted to further my education, and felt that UTI was the best choice and that I would get the most out of the training.

My Time at UTI

I learned a lot while I was at UTI. The Instructors were really helpful. UTI taught me the basics as well as old and the new technology. They taught us how to go back to the old way of doing it if the technology failed and do it right. Because of my training from UTI, I got better at bodywork, and I was prepared to do it and I knew that I could.

The Future is Bright

Going to UTI helped me get a job in a dealership right out of school.* My education from UTI gave me a path to a good career.** If I hadn't gone to UTI, I'd probably be trying to work my way up with less skills.

Chosen by Industry. Ready to Work.

*UTI cannot guarantee employment or salary. **UTI graduates' achievements may vary. For information about our graduation rates, the median debt of students who completed the program and other important information, visit our website at www.uti.edu/disclosure.
